Larisara Satarak, MFU, Thailand

General Secretary
Chayapol Kamyod, MFU, Thailand
Worasak Rueangsirarak, MFU, Thailand

The 21st International Symposium on Wireless Personal Multimedia Communications (WPMC-2018) and the 6th Global Wireless Summit (GWS-2018) will be jointly held in Chiang Rai, Thailand from November 25 - 28, 2018; as part of the celebrations of MFU's 20th anniversary. The theme of this year's conference is "**Body and Mind Integration through Information and Communication Technology**". Both these events are co-hosted by CTIF Global Capsule (CGC) and Mae Fah Luang University (MFU).

The WPMC symposia series were inaugurated in 1998, as a global platform which aims at enabling collaboration in the field of wireless information. Held in Asia, Europe and America, WPMC has established itself as a unique global conference dedicated to wireless multimedia convergence. Continuing the series, the 21st WPMC will bring together academia, industries and standardization bodies to explore activities, trends and future challenges towards ICT globalization for health and wellness issues in existing and future wireless technologies.

GWS is the world's largest annual international conference on wireless techno-business modelling. It encapsulates the raw high-end technology and study of current market and trends to create and nurture future Businesses. GWS looks to help businesses in strengthening their business models, business model innovation and technology with the aim to create, capture, deliver, receive and consume new techno-business model ecosystems through cross-/inter-disciplinary research and collaboration. Some of the important interest areas are Human Bond Communication, Chitt-Kaya Nivesh Sthaan (CNS) - Home for Mind and Body and Multi-Business Model Innovation and Technology (MBIT).

A key emphasis of this year's conferences is borderless smart society - bridging across industries, public and private companies, universities, research labs, and other knowledge societies in exploration of the newest wireless technologies pursuing new ways of living as well as innovative and sustainable solutions for the future.

We look forward to receive your contributions and to see you at the joint international conferences of WPMC-2018 and GWS-2018.

Technical Tracks

WPMC-2018	GWS-2018
1. Wireless Communications and PHY.	1. Multi business model innovation in a world of human bond communication.
2. Wireless Networks.	2. Persuasive Business Models for Next Generation Communications and Future Networks.
3. Communications Services and Multimedia Applications	3. Imperative Business Models for the Technology for Society: Intelligent Systems, Sustainable Energy, eHealth, and Big Data.
4. Wireless Communications, Vehicular Technology, Information Theory and Aerospace & Electronic Systems.	4. Business Models for Non-conventional Approaches in Health and Social Science.
5. Security and Privacy in Communications.	5. Home and Mind and Body.
6. Next-Generation Communication and Security.	6. Knowledge Home.
7. Technology Supporting Sustainability.	7. Feeling Identification and Transmission.

Special Sessions
A proposal for Special Sessions, Tutorials, Panel Sessions, and Round Table topics can be submitted to the special session chair before the deadlines. The session topic can be varied upon one's interest but still relate to the technical tracks.

Important Dates

Deadline for Special Session and Tutorials Proposal	July 30, 2018
Deadline for Paper's Submissions	August 31, 2018
Notification of Acceptance	September 15, 2018
Deadline for Final Manuscript Submission (Extended!!)	October 15, 2018
Deadline for Early Registration (Final Extended!!)	November 5, 2018
